**June 7, 2019 (Los Angeles, CA)** Today, Reprise/Warner Records is proud to release **TUSCALOOSA**, by [Neil Young](#) + **Stray Gators**. The previously unreleased, 11-track album was recorded live at the University of Alabama, Tuscaloosa on February 5, 1973.

**TUSCALOOSA** is available on a single disc CD, a double album over 3-sides with etched artwork on side 4, and on high resolution digital audio via [NYA](#). Young performs the first two songs solo before being joined by the band comprised of Tim Drummond (bass), Kenny Buttrey (drums), Jack Nitzsche (piano) and Ben Keith (steel guitar) who would record **Harvest** and **Times Fades Away** with Young.

**TUSCALOOSA** features live versions of songs from Young's self-titled 1969 debut ("Here We Are In The Years") plus classic songs from his two most commercially successful albums of his early career, **After The Goldrush** (1970) and **Harvest** (1972). Essentially a live *greatest hits* package, **TUSCALOOSA** is comprised of some of Young's best-loved songs including "Heart Of Gold," "Old Man" and "[Don't Be Denied.](#)"

**TUSCALOOSA** was produced by Neil Young, Elliot Mazer and mixed by John Hanlon and mastered by Chris Bellman at Bernie Grundman from the original analogue tapes. The sonic quality of these tracks is nothing short of astonishing making this album an essential listening experience. Live photographs by Joel Bernstein complete the packaging.

A very limited edition bundle is available through [NYA](#) only and will contain the album along with a Joel Bernstein autographed color litho print of the band live on stage. Click [here](#) to order.
