**July 12, 2019 (Los Angeles, CA)** – Buzzing Atlanta rapper YN Billy released his brand new mixtape, *Redville*, today. Inciting fan anticipation over the past year with potent visuals, YN Billy preceded the project’s arrival with a pair of brash bangers—[“O Man”](#) and [“Red Rag.”](#) [Earmilk](#) described the latter as *“a strong showing for YN Billy’s budding career”* and went on to praise him as *“a deadly new artist on the hip-hop scene that we’re really excited for this summer.”* Check out what YN Billy had to say about *Redville* in an exclusive interview with *RESPECT Magazine* [HERE](#).

*Redville’s* 10 tracks thread together a confessional cinematic narrative of urban decay while YN Billy translates trap intensity into dynamic street stories. Production on the project was handled by Miguel Da Plug and Digital NAS. Ominous bass throbs under rapid-fire bars on “Intro” as he proclaims, *“Mama, look I’m the golden son...the chosen one.”* He lives up to this declaration on tracks like “Facts” and “Wrist” where airtight rhymes converge between bulletproof hooks. Check out the full tracklisting below and the new project as YN Billy welcomes listeners to *Redville*—and the future of trap—now.
