

GLOBAL SUPERSTAR JOSH GROBAN RELEASES LIVE CD/DVD PACKAGE ENTITLED *JOSH GROBAN BRIDGES LIVE: MADISON SQUARE GARDEN*

AVAILABLE APRIL 19, 2019

March 8, 2019 (Los Angeles, CA) - Multi-platinum award-winning singer, songwriter and global superstar **Josh Groban** announced today that he will release a CD/DVD package entitled, *Josh Groban Bridges Live: Madison Square Garden*, on April 19th, 2019, via Reprise Records available for pre-order [HERE](#).

Relive all of the exciting, tear-jerking and even comedic moments from the show, shot by famed director Joe Thomas and recorded live from the final US stop of his sold-out 2018 *Bridges* Tour at the iconic Madison Square Garden. The show includes a mixture of new songs and classic hits as well as duets with Tony-Award winning, multi-platinum recording artist Idina Menzel along with a special appearance by Sugarland's Jennifer Nettles.

The live set features Josh's band accompanied by a choir and orchestra and kicks off with "Bigger Than Us" from his newest studio album *Bridges*. Followed by the 2008 hit "You Are Loved (Don't Give Up)" and another new track, "Won't Look Back," Josh performs an electrifying mix of beloved classics, new songs, and special covers, including the standard "Pure Imagination," Billy Joel's "She's Always A Woman," and "Bring Him Home" from *Les Miserables*. Idina Menzel joins Groban for two captivating duets, including the angelic "Lullaby" and the emotionally-charged "Falling Slowly" from the movie *Once*. At this performance, Groban was also joined on stage by songstress Jennifer Nettles for a remarkable duet of "99 Years" before he closed his set with a stunning rendition of Simon and Garfunkel's "Bridge Over Troubled Water."

The accompanying live CD will feature fan favorites from the DVD and will also include a special, brand new bonus track, "She Moved Through the Fair," recorded live from Dublin on the *Bridges* world tour.
