Baby Tate, *Mani/Pedi*

The Atlanta rapper explores all kinds of relationships on her new genre-spanning tape, for which she enlists 2 Chainz, Kali, and SlimWav. “Mani/Pedi is more than just something you ask your nail tech for,” she says in an email. “It’s more than just R&B and Rap. To me, it’s a symbol of life. The yin & the yang, the good & the evil, the light & the dark. With this project, I hope to shed a light on the importance of duality and finding the balance within us all.”
