Florida rapper **Taleban Dooda** returns with the blistering mixtape, *Step Wit A Passion* via **District 18/Warner Records**. His second project since signing with a major label showcases the breadth of his talent and confirms his status as one of the most exciting newcomers in the game. To celebrate the release, **Dooda** drops a video for standout cut “**If It Happen It Happen.**”

Built around an infectious guitar line, “**If It Happen It Happen**” demonstrates **Dooda’s** melodic, sing-song flow. The MC outlines where he comes from, shouting out people that helped him pursue his destiny in the cutthroat rap world, which he describes as “*swimming with the sharks.*” **Dooda** promises that he’s up to the task, warning: “*You eat or you get eaten.*”

The accompanying “**If It Happen It Happen**” video begins with **Dooda** stunting on the steps of a luxurious mansion — the stone walkway he’s lounging on confirming his leap from hot commodity to a certified star. That’s also reflected in the rapper’s thick gold chain and assortment of flashy sports cars. Other mixtape highlights include “**Revenge,**” “**Toxic,**” “**Tough Guy,**” and “**Walking Dead.**”

The new project follows **Dooda’s** other 2022 project **White Chalk & Yellow Tape**, which is similarly cohesive from front to back. That hard-hitting collection included “**It’s Me,**” a series of verbal vignettes from the MC’s past over piano notes and a minimal drum beat, and “**Go**” — a track that takes aim at “social beef.” With *Step Wit A Passion*, **Dooda** levels up, showing off his skills and insatiable ambition
