ABOUT GREEN DAY:

Formed in 1986 in Berkeley, CA, Green Day is one of the world's best-selling bands of all time, with more than 70 million records sold worldwide and 10 billion cumulative audio/visual streams. Their 1994 breakout album *Dookie*, which sold over 10 million and achieved diamond status, is widely credited with popularizing and reviving mainstream interest in punk rock, catapulting a career-long run of #1 hit singles. In 2004, Green Day released the rock opera *American Idiot* which captured the nation's attention, selling more than 7 million copies in the U.S. alone and taking home the Grammy Award for Best Rock Album. Mojo declared "It's exhilarating stuff, the kind of record that sets new parameters as to what is possible from a punk rock'n'roll band in the 21st century." In 2010, a stage adaptation of *American Idiot* debuted on Broadway to critical and commercial acclaim. Green Day's thirteenth studio album *Father Of All...* released February 7, 2020 on Reprise/Warner Records.
