**August 7, 2020 (Toronto, Ont.)** – Popcaan has unveiled a new project titled *FIXTAPE* via Unruly / OVO Sound. The release follows Popcaan's surprise announcement of the project on socials less than 24 hours ago. *FIXTAPE* arrives as the dancehall icon caps off Jamaican Independence Day and includes a star-studded lineup, such as the Nineteen85-produced track "TWIST & TURN" featuring Drake and PARTYNEXTDOOR. Additional guest appearances include French Montana, Preme, Masicka, Stylo G, Dane Ray, Frahcess One, Tommy Lee, and Jada Kingdom. *FIXTAPE* continues Popcaan's historic narrative as one of the most prominent global superstars in the reggae space today. It is also the follow-up to his *Vanquish* mixtape, which released back in December of 2019 after it was announced that he had signed to OVO Sound.

The 19-track body of work is powered by Popcaan's potent energy, lyrics, and unique amalgam of genres from hip-hop to dancehall and pop. *FIXTAPE* is further proof that his cultural appeal spans

from the streets to the club. **Popcaan** has amassed over 683 million streams and currently has more than half-a-billion YouTube views along with 1.14 million subscribers.
