**December 11, 2020 (Los Angeles, CA)** – Jiggling into the spotlight with the bounciest banger of the year, Atlanta artist, writer, performer, and model **BIG HOMIE TY.NI** drops her first-ever single “Jelly” today for **Warner Records**. Get it [HERE](#).

Discovered by Ray Daniels, SVP of A&R at Warner Records and founder of Atlanta-based RayDar, and Theron Thomas of R. City/3400, **TI.NY**’s already flipped social media upside down with just under 400K followers and now she makes her official debut as an artist. Produced by Hustle Gang’s **EVERYBODYKNOWSTROUD** [T.I., Trey Songz], a big bass boom gives way to her command, “*Watch my ass shake like jelly.*” Rattling off raunchy bars with the promise, “*And I’m thick like a milkshake, move the ground like an earthquake,*” as the [visualizer](#) might as well be the Olympics of twerking (with **BIG HOMIE TY.NI** worthy of a gold medal). Stay tuned for the official music video next week!

About the song, she explained, “*My friends we’re slapping my ass and making fun of it, ‘cause*

*every time I walk my ass would naturally shake like jelly... so when I went into the stu that week, I was like, 'We gotta make a song about my ass, and let's call it 'Jelly'!"*

Get ready for the whole world to shake thanks to **BIG HOMIE TY.NI**.

**ABOUT BIG HOMIE TY.NI:**

With eyebrow-raising bars, dangerously sexy swagger, and attitude for days, **BIG HOMIE TY.NI** heats up the game with unapologetic anthems steeped in flirty fire and lusty hooks. Featured in local music videos and known as “the life of the party,” the Atlanta native initially attracted an audience on social media, posting wild content on a regular basis. For as loud as her presence may be, she quietly perfected her craft behind-the-scenes, landing a deal with **Warner Records** in 2020. Her debut single “**Jelly**” draws from quite the personal experience. “*The inspiration was my big fat ass and the way it moves like jelly,*” she explains. **BIG HOMIE TY.NI** is just bold enough to make a major breakthrough in 2021.
