**January 15, 2021 (Toronto, Ont.)** – Today, Toronto R&B duo **dvsn** (singer Daniel Daley and GRAMMY® Award-winning producer Nineteen85) have released *Amusing Her Feelings* on **OVO Sound**, the sultry 4-song continuation of their lauded album *A Muse In Her Feelings*. Additionally, the project arrives with a new single titled “**He Said**” featuring **Miguel**. Last week, the group unveiled “**Use Somebody**,” a re-imagination of Kings of Leon’s hit songs “Use Somebody” and “Sex On Fire,” which is included on the project. The soulful “**Blessings**” also makes an appearance after arriving with the announcement of the project back in December.

*Amusing Her Feelings* continues building on the revolutionary sonic landscape **dvsn** has cultivated in the R&B space over the past two years. From bedroom balladry to cross-over anthems, the new project exemplifies the pairs ability to push the envelope. They waste no time doing so as the

opening track, “**She Said**,” takes flight almost immediately. “Blessings” offers a gospel approach while both “He Said” and “Use Somebody” utilize guitar laden production. All inspirations are fair game. With *Amusing Her Feelings*, dvsn not only play on an alternative title from their *A Muse In Her Feelings* album, but are charting the road less traveled while taking their fans along for the ride. They are also one of the first artists to do a week of safely executed sold out drive-in theater shows during the pandemic.

dvsn released *A Muse In Her Feelings*, their third studio album, to critical acclaim back in April of 2020. Boasting an all-star cast of collaborators, including Future, PARTYNEXTDOOR, Popcaan, Buju Banton, Summer Walker, Jessie Reyez, Snoh Aalegra, Ty Dolla \$ign and Shantel May, *A Muse* was praised on year-end lists as one of the best albums in 2020 by *Complex*, *UPROXX*, *Noisey* and more.

*"Canadian duo DVSN knows a thing or two about R&B, but 'A Muse in Her Feelings' proves that they have a bevy of talents in their wheelhouse."* – **NOISEY**
