January 8, 2021 (Toronto, Ont.) – Following the release of “Blessings” and the announcement of their forthcoming project *Amusing Her Feelings*, a continuation of their most recent album *A Muse In Her Feelings*, **dvsn** reveal a scorching new track from the project titled “**Use Somebody**” on OVO Sound. The new project title is a play on the different meanings of the previously released, critically lauded album from the duo. “Use Somebody” is a cover re-imagining alt-rock trio Kings of Leon’s hit song of the same name as well as their 2008 smash “Sex On Fire.” It's a magnificent amalgam of R&B and alternative music, yielding the makings of a bedroom anthem. Daniel Daley’s resounding vocal performance and Nineteen85’s multi-layered production launch the song into a new time and space. Listen now and stay tuned.
