**March 19th, 2021 (Los Angeles, CA)** - Landover, Maryland's own **Black Fortune** has announced his forthcoming DMV collaboration project ***OSSHMOB*** with a sinister new song “**New Gucci Garment**” feat. **XanMan** on **Warner Records**. Listen [HERE](#). The new track follows his latest track and video for “[Horror Story](#),” which saw Fortune first bring together a cast of DMV artists included on the project. *OSSHMOB* features **XanMan, Lil Dude, Goonew, FatTrel, 3OH Black, MoneyMarr, Big Flock** and **Knuckle Head**.

*OSSHMOB* is a celebration of the DMV scene and a call for unity. It is paying homage to Fortune's home and planting a flag in the sand as the DMV sound has been catching on and being adopted heavily across the country. Featuring OGs and newcomers from around the metro area, *OSSHMOB* is a revelation. A rare and exhilarating occasion to hear these artists cut verses side by side over rich production. To Fortune's ears, it sounds like a brighter future. Fortune had to work out some differences to bring this record to life, making countless phone calls and asking every artist to come to the studio without an entourage. They recorded all the material together in person in Landover and Fort Washington. On *OSSHMOB*, the newfound

DMV harmony sounds like sheer joy—the ecstatic feeling of a bunch of rappers bouncing off each other, pushing each other to their limits. Stay tuned.

### **About Black Fortune:**

Black Fortune lives in the DMV, but he's always imagined his music coming from somewhere more grand—like outer space. “Style-wise, sound-wise, I get my shit from the moon and stars and sun,” he says. As the propulsive DMV flow has spread across the country, Fortune has dabbled in it without ever making music bound by genre or regional borders. His songs offer a vibrant collage of sounds, stitched together by his widescreen view. And yet, he cares deeply about where he’s from. On his upcoming album *OSSHMOB*, the Landover, Maryland rapper pays tribute to his scene in a way that few ever have. Bringing together rising stars and local legends like Wale, Lil Dude, Goonew, and Fat Trel, among others, the project marries Fortune’s soulful approach to rap with the percussive sound of the DMV in a celebration of all the colorful voices the region has produced. Fortune didn't have it easy growing up in Landover, but his upbringing gave him a deep appreciation for the area and its culture. Over the years, he’s released his share of local classics, including the 2018 hit “OsshWop.” And though his debut album *OsshRock* and its glossy 2020 follow-up, *OSSLORD* were largely solo joyrides through the DMV, Fortune now wants to bring his community with him. With any luck, he reckons, *OSSHMOB* will inspire kids from his area code and remind them there’s a thriving scene that can come together when it matters most. “In reality,” Fortune says. “We all together.”
