Wale has tapped [Chris Brown](#) for the new song “Angles.”

The song sees Wale gassing up and pampering his new girl. The song also samples Diddy and Usher’s “I Need a Girl.”

The new track arrives five months after Wale’s last song, “[Good Vibes \(Za\)](#).” Last year saw a slew of singles from the DMV rapper, as well as his *Imperfect Storm* EP. Though he hasn’t delivered too much solo material this year, Wale has hopped on a few friends’ songs, including Pacman da Gunman’s “One Piece” and EarthGang’s “Options” remix with Coi Leray. Chris Brown has also appeared on a couple of features, including Yung Bleu’s single “[Baddest](#)” with 2 Chainz, and OG Parker’s debut song “[Rain Down](#)” with Latto, PnB Rock, and Layton Greene.
